Meet Elida

When we first met her, she was shy and introverted, following her family's path of illiteracy. But Elida had the chance to change her story.

Through our educational sponsorship program at Be Humanitarian, Elida was given the opportunity to learn, and she quickly fell in love with it. Before she joined our community, Elida wasn't eating properly and had no opportunities to attend school. She would shyly hide behind her mother's apron, avoiding eye contact and questions and keeping to herself.

Over the years, we have had the privilege of witnessing Elida's transformation. Today, she is strong, brave, and outgoing—a completely different little girl. Through the efforts of Be Humanitarian and thanks to her sponsors, Elida has been well loved, well fed, and given opportunities that her family had never received. This is the difference that Be Humanitarian is making. You can be part of it too!

Nonprofit Overview

Introduction

At Be Humanitarian, our mission is to inspire our volunteers to become global citizens and take a hands-on role in the world around them. We believe our duty is to improve the lives of those in need. We aim to improve the future of some of Guatemala's most impoverished people, and help them to break the poverty cycle through early nutrition, education and self sustainability.

The Problems we're Addressing in Guatemala

In Guatemala, the most impoverished communities face significant challenges that hinder their ability to break the cycle of poverty.

These challenges include:

a

Lack of Income

Many families struggle to meet basic needs due to insufficient income opportunities, which perpetuates the cycle of poverty.

b

Guatemala is the 4th Most Malnourished country

Without adequate accommodation and facilities, it becomes difficult to attract and retain volunteers who are crucial for implementing educational and nutritional programs.

c

Lack of Educational Opportunities

Receiving an education can change the trajectory of an individual's life and learning English is a powerful tool for improving educational and economic opportunities.

Our Community Center

Be Humanitarian needs your help to raise \$250,000 to build a community center in Guatemala. The center will support our mission to improve lives and uplift the community.

This center will include:

a

Accommodation

6 rooms for over 20+ volunteers and teachers

b

Preschool

Providing early childhood education to break the cycle of poverty

c

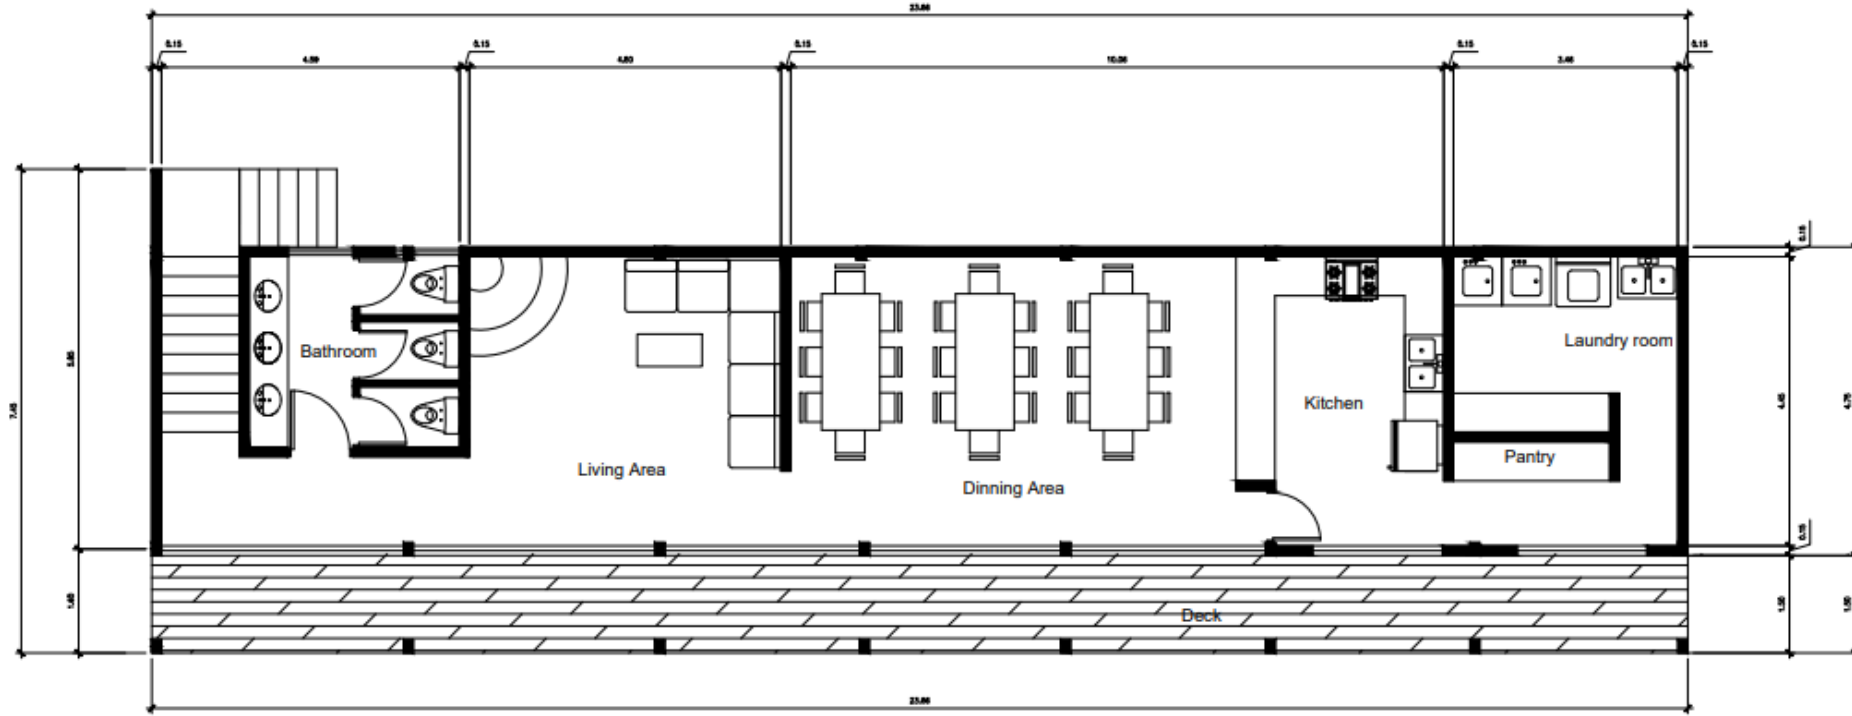

Learning Space, Community Kitchen & Sewing Center

A hub for community meetings, workshops, and educational activities

d

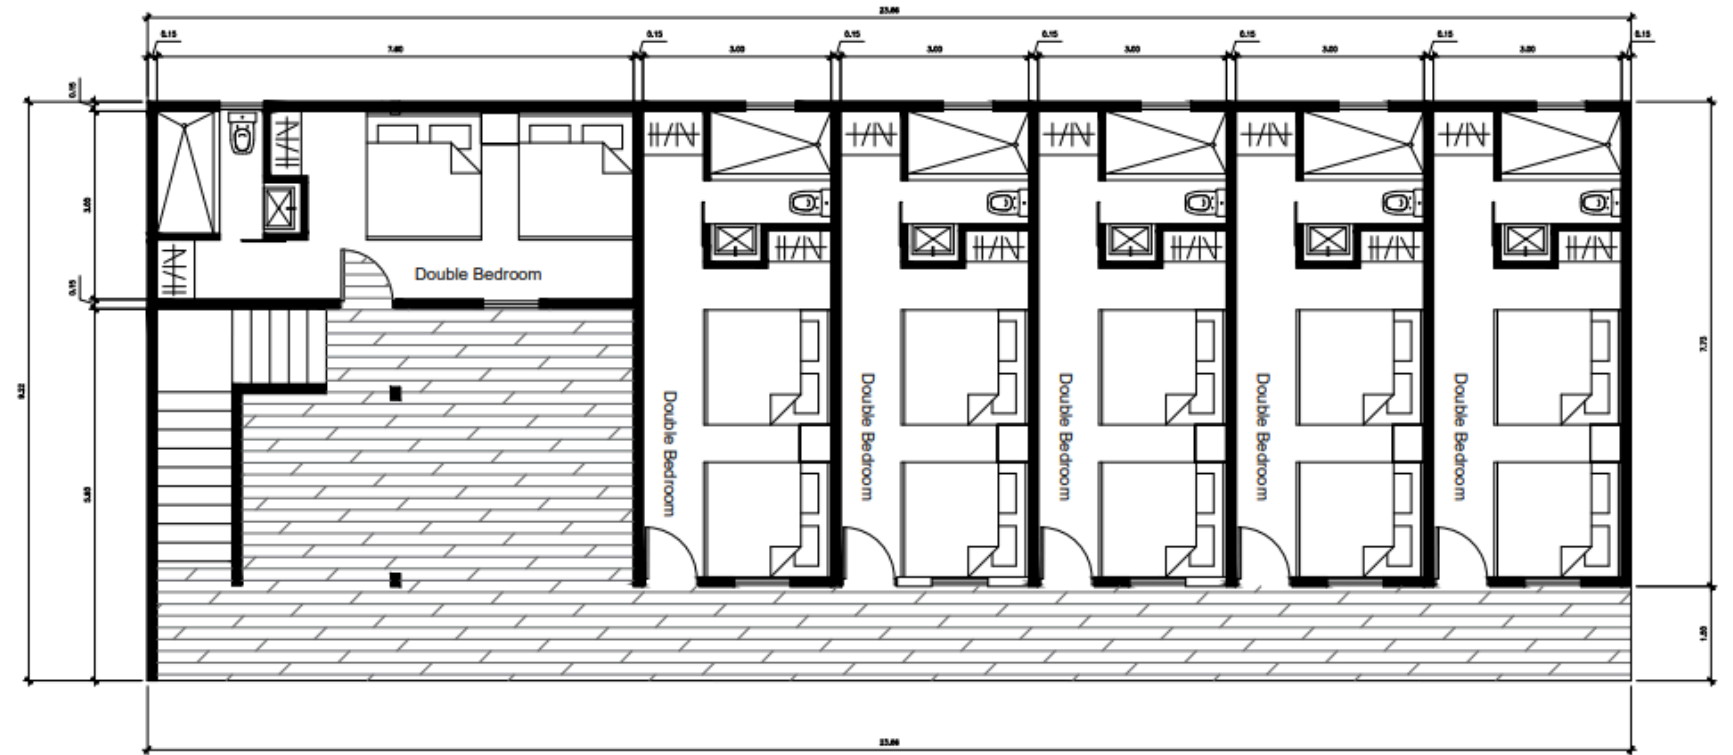

Income Opportunities

The Community Center creates employment opportunities as moms work to maintain the building and the land

Join the 1% Club

We believe that every business has the capacity to create positive change, and we would be honored to have you join us in our mission to make the world a better place.

By donating just 1% of your annual budget to Be Humanitarian, you can **help us build our community center** and continue our vital work of supporting those in need and creating a brighter future for all.

Your partnership would not only benefit those we serve but would also align with your company's values of social responsibility and community engagement.

Please feel free to check out our website <https://behumanitarian.org> and social media sites <https://linktr.ee/behumanitarian> to learn more.

CEO

Josh Webber

Co Founder, Big Red Jelly

Partner Review with Josh Webber

During Big Red Jelly's quarterly meetings, Josh has shared with us the remarkable changes he's observed in his employees since partnering with Be Humanitarian. He aptly stated, "Every little bit of work to put in here can contribute to something greater," emphasizing the transformative power of giving back.

The framed photos of the sponsored kiddos in their office serve as a constant reminder of the meaningful impact Big Red Jelly is making in the world.

CEO

Zac Lovingier

CEO, Optimized Health
Plans

Partner Review with Zac Lovingier

Zac's decision to partner with Be Humanitarian stems from a deep sense of gratitude and a desire to give back. Inspired by the song "Because I Have Been Given Much," Zac feels a responsibility to give to others, particularly with the people of Guatemala, whom he describes as pure and beautiful, despite their limited resources. The joy and happiness he has witnessed in our community further solidified his commitment.

Partnering with Be Humanitarian was a natural fit, aligning with their values of service and creating meaningful experiences. Inspired by Tobie's words at an event, Zac not only wanted to volunteer in Guatemala with his son and daughter but invited key employees for a true team building experience. The partnership has since strengthened his team, fostering empathy, loyalty, and a sense of family among them.

Volunteer in Guatemala

Be Humanitarian can customize service trips for your team. It doesn't matter if you have known each other long, you can come to Guatemala as strangers and leave as family.

Our service trips can be tailored to individual companies. Every trip looks a bit different, but the outcomes are similar. When you get back on the plane to fly home, Guatemala will have made an impact on your heart that will last a lifetime.

A Snapshot of what we've been able to create in the past 3 years

As a grassroots organization, we are grateful for the support of our sponsors and partners who have helped us accomplish so much.

01

Provided 6,200 pounds of donation

These much needed donations were hand delivered by our volunteers to our community.

02

Provided 55,568+ meals for our community

These meals fed our 30+ kiddos and their families

03

Bought land and Sewing Center

We bought our own land and a 'casa' to use as our Sewing Center thanks to extremely generous donors!

04

Built 1,000+ garden towers

In 2023 alone, we built and installed 917 garden towers which have provided 110,000 meals for hundreds of families for years to come.

05

Provided health exams

We have provided health exams for all of our 30+ kiddos

Help us build our Community Center
